This is the history of a piece of freehold land off School Lane Baslow. It is first described in the 1848 Census in 3 schedules, when the Freehold was held by John Lees

- No 59, area 29 perch, two Houses and Gardens, occupied by Joseph White and (nearest to School Lane) George Gardiner. These houses are on the site of the present Moorstones
- No 60, area 1a 3r 12p, a meadow described as a Croft, now covered by Over Road north west of Moorstones.
- No 61, area 1a 0r 35p, a similar meadow now Church View Drive. Both fields were rented by John White, whose base was Church Farm.

George Wilde Lees of Bagshaw Hill, Bakewell, presumably the heir of John Lees above, died in Feb 1867. The property was sold soon after to Robert Young of Sheffield for £1105.

The property was described as 2 Messuages with yards, gardens and outbuildings in occupation of Joseph White and George Gardiner, and 2 crofts in occupation of George Heathcote and George Gardiner. Total area 3a 1r 10p

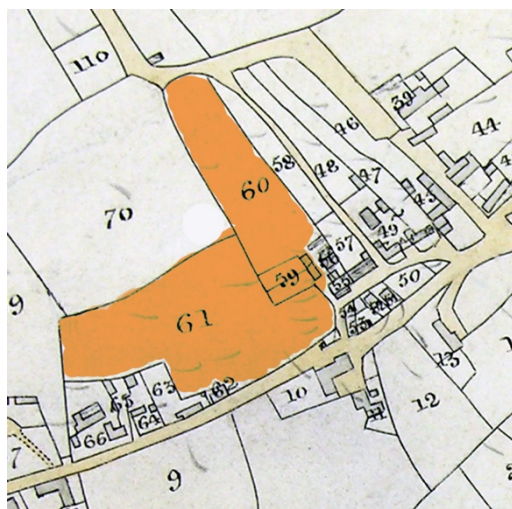

1875 (from Indenture)

Robert Young has also bought the present Magnolia and Toilethorpe (Sheldon) Cottages on School Lane (which had in 1848 belonged to the Baslow Marples Family)

After death of Robert Young, property sold to William Kent Marples of Sheffield, Merchant, for £2010

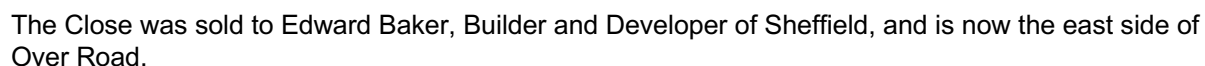

The description of the property and the tenants is as before with a total area of 3a 0r and 35p. The house on School Lane, 27 perch, was occupied by Mrs Briddon and her subtenants.
